DOMESTIC MARKET

Soy meal

Soymeal showed steady sentiments on the news of outbreak of bird flu in South Korea. The news was officially confirmed for the second time by the ministry of agriculture in South Korea. Since new contracts for soymeal have not yet been reported, the trend for meals is likely to trader range bound. Higher prices of soybean are driving up the rates for soymeal due to decrease in crushing margins for soymeal thus obtained. Overseas suppliers are finding an edge over Indian Soymeal because it is priced higher than its counterparts. Overseas suppliers are taking advantage of competitively priced meals. As per press release of SOPA a significant growth of 45.98% was noted for soybean meal exported last month, about 2.9 lakh MT of soybean meal was exported during October 2006 as compared to 1.98 lakh MT exported during the same period last year. The total exports of Soybean meal for April to October this year was 17.24 lakh MT as against 9.44 lakh MT during the same period last year thus registering a growth of 82.57% over the last year. China was the main importer of groundnut meal for this year; the imports were to a tune of 43,200 tonnes till October 2006.

Rape/ Mustard Meal

Spot market sentiments remained steady due to normal demand from domestic feed industry amidst continuous crushing of seeds. With soaring prices of rapeseed meal in International market, Indian counterparts are optimistic that demand for meal may increase during first fortnight of next month. However incidence of Avian Flu and disease outbreak would adversely affect the export consignments. The rapeseed meal is an important constituent as additive in feeds for livestock industry. Rates improved slightly due to increase in consignments for rapeseed meal for export purpose. The DOC prices at Kandla were quoted at Rs. 5300-5700 in [PP bags] and in Mundra it is offered at Rs. 5400-5000. At Jamnagar it is offered at Rs.5550 - 5600. At Jaipur market the rate quoted stood at Rs.4500- 4700 per ton & Kota was quoted at Rs 4900 per ton. At Datia it was offered at Rs 5000 per ton. As per SOPA, rapeseed meal export increased from 372,375 tons to 525,075 tons, thanks to availability of rapeseed during off-season from NAFED, which not only boosted the crushing and oil availability but also increased availability of rapeseed extractions, lead to boost the export of rapeseed meal. South Korea a traditional importer of rapeseed meal bought nearly 198,000 tons of rapeseed meal.

Groundnut DOC

Market sentiments remained steady on account of continuous crushing amidst normal to good demand at few places in Gujarat. The upward rally of soymeal in domestic and overseas market has kept the rates for groundnut meal from falling down further. A further influx of groundnut has improved the sentiments as crushing is reported to be continuous. Groundnut meal at 40% and 45% were quoted at Rs 7600-7700 and Rs 8000-8100 per MT respectively in Rajkot. As per SOPA, export of oil meals for the month of October 2006 was reported at 332,625 tons compared to 209,425 tons in October last year i.e. up by 59%. The total export of oil meals during April to October 2006 is reported at 1,966,100 tons compared to 1,500,733 tons of last year i.e. up by 31%. China was the main importer of groundnut meal for this year; the imports were to a tune of 43,200 tonnes till October 2006.
