

WHEAT DAILY

14th DECEMBER, 2006

SPOT MARKETS:

Wheat prices continued steady Wednesday in Rajasthan, Gujarat and Delhi grain market. Wheat darsa prices remained mostly steady at Rs 1120-1125/mt. in Delhi wholesale wheat market during Wednesday. However, arrival has increased to 14500-15000 bags from 5000-6000 bags on Tuesday. Stockists are in mood to release their hoarding as Govt. of India has extended the ECA in respect of wheat for a period of six months or till further order, whichever is earlier under the Essential Commodities Act, 1955 to bring out hoarded stock of these items in the open market. Moderate demand from the rolling flourmills and chakki mills has offset the higher arrivals. Mill owners are interested to increase their stocks. However, no demand is witnessed from Southern parts of India and this is no doubt pressurizing the market tone. Wheat sowing is progressing well and it reached to 207.44 lakh hectares as of December 8, which is roughly 80% of the normal area of 260.50 lakh hectares. According to the Govt. India wheat output of 2007 is likely to increase 74 MT on conducive weather factor for crop development. Acreage has increased by 22.5 per cent to 20.74 million hectares as of December 8th, 2006. The ministry said the Govt. will think on building local buffer stocks before pushing wheat exports.
