

OILMEAL

December 07, 2006

MAJOR ACTIVITY HIGHLIGHTS

- Soymeal reflected bearish sentiments.
- Mustard meal reflects steady to weak sentiments.

DOMESTIC MARKET

Soy meal

Soymeal prices remained steady on account of weak physical demand in spot markets during second half of trading session. Since soymeal offered by overseas suppliers are competitively priced, they are finding an edge over Indian soymeal and hence leading to bearish cues. As per market observers, rates for soymeal are likely to trade range bound amidst unless new contracts are generated over period of time. The congestion at different ports is easing down and would catch its normal pace soon to load SBM. As per press release of SOPA a significant growth of 45.98% was noted for soybean meal exported last month, about 2.9 lakh MT of soybean meal was exported during October 2006 as compared to 1.98 lakh MT exported during the same period last year. The total exports of Soybean meal for April to October this year was 17.24 lakh MT as against 9.44 lakh MT during the same period last year thus registering a growth of 82.57% over the last year. China was the main importer of groundnut meal for this year; the imports were to a tune of 43,200 tonnes till October 2006.

Rape/ Mustard Meal

Rates at major spot markets remained steady amidst normal to weak demand from domestic animal feed industry amidst prevailing weakness observed for oilmeal sentiments in domestic market. The rapeseed meal is an important constituent as additive in feeds for livestock industry. The DOC prices at Kandla were quoted at Rs. 4900-4950 in [PP bags) and in Mundra it is offered at Rs. 5050-5100. At

Jamnagar it is offered at Rs4900. At Jaipur market the rate quoted stood at Rs.4300- 4400 per ton. As per SOPA, rapeseed meal export increased from 372,375 tons to 525,075 tons, thanks to availability of rapeseed during off-season from NAFED, which not only boosted the crushing and oil availability but also increased availability of rapeseed extractions, lead to boost the export of rapeseed meal. South Korea a traditional importer of rapeseed meal bought nearly 198,000 tons of rapeseed meal.
