

GUAR DAILY

December 23rd, 2006

SPOT MARKETS:

Spot market prices of guar seed and guar gum eased in the major trading centers. Bearish tone of futures market mainly slid down the spot prices of guar. The arrivals remain steady between 25000-30000 bags in all over India, as the farmers are unwilling to sell their stock at lower price level. They are more interested to hold their stocks to get higher prices in near future. Miller's activity remains steady in the market. Stockiest are looking for increasing their stock position to earn maximum profit in the off-season. India's export scenario remains poor so far because Pakistan is quoting lower guar gum prices as compare to India. However, in the near future India will have the big opportunity to export guar gum because the Pakistan's stock gradually decreasing day by day
