

OILMEAL

16th February, 2006

MAJOR ACTIVITY HIGHLIGHTS

- Firm sentiments for soymeal at ports.
- Rapeseed meal reflects marginal improvement in rates.

DOMESTIC MARKET

Soy meal

The soymeal prices managed to recover yesterday's loss. The rates now stand at levels similar to one that existed the previous day [Mid day session]. Steady soymeal sentiments at CBOT and in domestic market prevented rates from falling down amidst weak sentiments for domestic soy oil. Good demand for soymeal from Indonesia, Thailand and other countries has helped rates firm up further. **Soya DOC was quoted at \$ 247-248.** As per official release from Solvent Extractors Association of India, exports of soybean extract for month of January registered at 5.05 lakh tonnes was almost steady against the sales of 5.06 lakh tonnes for Dec 2006. Maximum export for the meal was reported from Kandla, which handled around 1.24 million tones of soybean extract for the month of January 2007. Together Vietnam and South Korea imported a maximum of 2.73 lakh tonnes. Other importing countries were namely China, Thailand, Philippines, Malaysia, Sri Lanka, Japan, Indonesia, Mauritius and Middle East Countries.

Rape/ Mustard Meal: -

Amidst good availability of rapeseed meal, rates for meal firmed up marginally at few places on account of good demand from livestock and poultry feed industry. Good demand for rapeseed meal in domestic and overseas market firmed up rates at few places elsewhere no significant change was observed. **The RAP DOC per MT FAS Kandla stood at \$ 118. Rape DOC local was quoted at Rs 5050 per MT. The rapeseed oil cake in Rajasthan was quoted at Rs 6100 per MT.** The DOC prices at Kandla were quoted at Rs 5000-5100 in [Jute bags] Rs 5500-5600 [PP Bags] and in Mundra it is offered in a range of Rs.5500. At Jaipur market the rate quoted stood at Rs.4500 per ton. The

rates offered at Kota stood at Rs 4400 per ton. **Vessel Orionis** is berthed at Kandla port and would load 15,500 MT of RSM. As per official release from Solvent Extractors Association of India, exports of rapeseed extract for month of January registered at 7.48 lakh tonnes was over and above the sales for Dec 2006 by 44.33%. Maximum export for the meal was reported from Kandla, which handled around 6.25 lakh tonnes of rapeseed extract for the month of January 2007. China imported a maximum of 47,400 MT; other importing countries were Malaysia, Thailand, South Korea, Indonesia and Italy.

Groundnut DOC: -

Amidst lack of sufficient export demand from overseas the rates for DOC remained range bound without registering any significant changes. Groundnut meal at 40% and 45% [Excluding VAT] were quoted at Rs 7500 to 7550 and Rs 8000-8050 per MT respectively in Rajkot. As per advance estimate released by COOIT, acreage and production of groundnut for 2006-07 would decline marginally. It further states that acreage for nuts would register an increase in Tamil Nadu and Orissa whereas production of nuts is estimated to hike in Tamil Nadu and Gujarat. As per

traders, the very observation is unlikely to affect routine trading for groundnut DOC in near term. As per official release from Solvent Extractors Association of India, exports of groundnut extract for month of January registered at 5000 MT declined sharply against the sales of 14, 250 MT during Dec 2006. Maximum export for the meal was reported from Bedi port, which handled around 65,650 MT of groundnut extract for the month of January 2007. Thailand stood as a sole importer for the very extract.
