

OILMEAL

2nd April, 2006

MAJOR ACTIVITY HIGHLIGHTS

- Firm sentiments for soymeal in domestic market.
- Rapeseed meal reflects marginal improvement in rates.

DOMESTIC MARKET

Soy meal

FAS rate for soymeal stood around \$ 265 per MT. Port delivery rates for soymeal softened marginally amidst weak soymeal futures at CBOT. Rates for soymeal in domestic market followed the suit. As per market observers, higher cost of maize would not allow soymeal prices to soften for days to come. Domestic consumption of soymeal has increased and is likely to curtail export of soymeal. As per official release from Solvent Extractors Association of India, 3.51 lakh tonnes and 1.13 lakh tonnes of oilmeals were exported from Kandla and Mumbai port respectively during February 2007. Soymeal exported during Feb 2007 and Feb 2006 stood at 4.49 lakh tonnes and 5.87 lakh tonnes respectively. South Korea, Philippines, Thailand, Vietnam, Indonesia, Malaysia, Japan were the importing countries in Asian continent whereas UAE, Jordan, Kuwait and Baharain were other countries in Middle East.

As per traders, the very observation is

unlikely to affect routine trading for groundnut DOC in near term. As per official release from Solvent Extractors Association of India, exports of groundnut extract for month of January registered at 5000 MT declined sharply against the sales of 14, 250 MT during Dec 2006.
