No significant change was observed on Monday and rates for DOC stood at previous week's level. It further states that acreage for nuts would register an increase in Tamil Nadu and Orissa whereas production of nuts is

estimated to hike in Tamil Nadu and Gujarat. As per traders, the very observation is unlikely to affect routine trading for groundnut DOC in near term. As per official release from Solvent Extractors Association of India, exports of groundnut extract for month of January registered at 5000 MT declined sharply against the sales of 14, 250 MT during Dec 2006.
