

OILMEAL

27th March, 2006

MAJOR ACTIVITY HIGHLIGHTS

- Firm sentiments for soymeal in domestic market.
- Rapeseed meal reflects marginal improvement in rates.

DOMESTIC MARKET

Soy meal

FAS rate for soymeal stood in a range of \$ 262 to 265 per MT. Port delivery rates for soymeal were steady. However, rates for soymeal in domestic market continued to stay up amidst firm prices of feeds in domestic market. Higher cost of maize would not allow soymeal prices to soften for days to come. Domestic consumption of soymeal has increased and is likely to curtail export of soymeal. As per official release from Solvent Extractors Association of India, 3.51 lakh tonnes and 1.13 lakh tonnes of oilmeals were exported from Kandla and Mumbai port respectively during February 2007. Soymeal exported during Feb 2007 and Feb 2006 stood at 4.49 lakh tonnes and 5.87 lakh tonnes respectively. South Korea, Philippines, Thailand, Vietnam, Indonesia, Malaysia, Japan were the importing countries in Asian continent whereas UAE, Jordan, Kuwait and Baharain were other countries in Middle East.
