SPOT MARKETS:

Potato traded almost rangebound with flat on Friday in the domestic market amidst stable demand supply situation. But, lower prices of other winter vegetables restricted the upward movement also. Arrivals of fresh potato from Punjab, Himachal and Karnataka remained moderate. In addition, Rabi sowing of potato is increasing in U.P., Bengal, Bihar and other Northern parts. Over 90% of the land under potato has been sown in northern parts but around 45% of the land has been sown in Bengal. Current weather is favourable for further growth of the crop. However, demands from the consumers have improved but they prefer various kinds of winter green vegetables at this time, traders said. Traders said, most of the cold storages have released entire amount of potato from the stores in U.P. and West Bengal. Traders are expecting a supply shortage in the near future until the new crop hit the market full-fledged by the end of February. Besides, India has contracted to export of 10,000 tons of potato to Sri Lanka due to high demand for Indian potato. On Friday, potato in North Indian markets traded slight up while in Bengal's Tarkeswar and Burdwan, it was stable at Rs. 760-800/qrtl and Rs. 740-770/qrtl respectively. In Meerut market of U.P., around 1000-1200 bags of new potato is arrived from Punjab.
