

### Onion Fundamentals:

- In Lasalgaon (Maharashtra), most of the trades took place at Rs1380/ quintal because of fresh and good quality of onion available in market. As in the starting of this month, prices were ruling around Rs 1300/ quintal.
- According to trade sources in Maharashtra, arrivals have decreased compared to previous year. This is due to drop in kharif onion production. This is getting reflected in the prices which are high.
- In Bangalore, onion is arriving in market from local region only where fresh onion is contributing approximately 85% to the total arrival. Prices are hovering in the range of Rs 1650 to Rs 1850/ quintal.
