

Onion Fundamentals:

- In Indore, fresh onion is arriving in market. Prices are hovering in the range of Rs 500 to Rs 1200/ quintal. Arrivals are in the range of Rs 32000 to 36000 quintals per day.
- In Bangalore, onion is arriving in market from local region and Maharashtra region which are contributing approximately 25% and 75% to the total arrival.
- According to trade sources in Bangalore, in a couple of weeks Karnataka region has to be totally dependent on Maharashtra region. This is due to low kharif production in Karnataka, which was almost 50% less compared to previous year's production.
- In Haryana, late kharif onion is mainly grown in Mewat, Mahendranagar, Bhiwani and Panchkula areas. But this year it is expected that late kharif area is less compared to previous area.
