

Commodity: Chana
Contract: June

Exchange: NCDEX
Expiry: June 20th, 2011

CHANA

Technical Commentary:

- Candlestick pattern shows buying interest in the market.
- Volume is not supporting improvement in chana prices.
- MACD is rising in positive zone which suggest for improvement in chana prices.
- RSI is moving up in overbought category thus warranting the bulls.
- Closing of price above 9 & 18 days EMA hints for firmness in market.

Strategy: Buying for short term is advisable.
