

### Wheat Domestic Fundamentals:

- Wheat prices in cash and future markets remained subdued due to excess supply and higher stock amid sluggish trading activities. India will gift 2.5 lakh tons wheat to Afganistan and stock is likely to be uplifted from M.P. It will be sent through Kandla port.
- Brokers are loading wheat from Indore and Bhopal to Puna and Hyderabad at 1 to 2 percent margin. Wheat is delivered at Puna and Hyderabad @ of Rs 1270 and Rs1320 per qtl.
- Prices of wheat will remain under pressure in weeks ahead. Excessive stock, continuous arrivals and normal demand are weighing on the market.

### Wheat International Fundamental:

- Russia share in world wheat trade may go up from 4 MMT to 10MMT. However, possible export tax will decide the actual quantity to be exported.
- US may reduce the quantity of ending stock and production estimate. CBOT wheat future gets support from these expectations.

### Outlook: Domestic

- The IGC has slashed its forecast for the 2011/12 global wheat crop by 5 million tonnes to 667 million. France and Argentina may lose some wheat buyers due to higher prices and available cheaper source like Russia and Ukraine.
