

Oilseeds Domestic Fundamentals:

Steady to weak sentiments witnessed in the oilseeds cash market on sluggish buying activity. **No fresh deal in soy meal reported from any major destination though exports in small quantity to neighboring countries like Pakistan, Bangladesh and Nepal continued as usual. Indonesia, Thailand and Japan may show interest in buying the Indian meal in near-term and exporters are advised to explore the exports opportunity to SE Asian countries due to narrowing of spread between Argentine exports meal price and Indian exports prices.**

Oilseeds International Fundamental:

Domestic rapeseed supplies in the EU-27 will be almost 5 Mn T or 20% below requirements. Brazilian soybean exports must total 31 million tons in 2011, up 6% from 29.188 million tons shipped in 2010.

Outlook:

The domestic oilseeds prices are likely to improve followed by delayed plantings in US.
