

Sugar & Gur Domestic Fundamentals:

- Mixed sentiments recorded in sugar prices on Tuesday as markets could not find adequate cues to decide the prices either side.
- Demand remains sluggish in various spot markets. It is expected that after 5-7 days, demand came from retail buyers on the festive occasions.
- Mr. Sharad pawar sees the possibility of allowing further 5 lack tonne sugar export under OGL apart from 10 lack tonnes sugar exports already allowed by government in the marketing year 2010-11.
- Steady prices recorded in Muzaffarnagar gur market on Tuesday. However, it is expected that the demand might come from Gujarat market as coming festive push up the demand of gur in the coming days.

Outlook:

Range bound movement witnessed in sugar prices and moving in a downward direction owing to higher sugar quota for August which kept the sugar buyers out of the market which further results in ease in sugar prices initially. However demand may improve afterwards owing to upcoming festivals which might give some support to the sugar prices in the coming days.
