

Wheat Domestic Fundamentals:

- Wheat market remained under pressure on bearish outlook in national and international market. Higher stock(358.75 lakh T as on 01.08.11),record procurement(28.03 MMT) and diminished possibility of export have directly affected the market sentiments.
- There is a growing fear in the market that govt. will revised open market price of wheat down so that offtake could go up. Arrival from paddy crop will start in Sept. and it will pose storage problem further.
- Wheat is being loaded for Madurai from Rajasthan (Ganganagar).Traders and broker source it locally @ Rs 1200 and supply it @Rs 1600 per Qtl. and earn profit @Rs 65 per qtl.

Wheat International Fundamental:

- World market is likely to remain bearish for short term on increased production forecast by IGC.IGC has pegged world wheat production at 674 million tonnes, almost 80 million tonnes higher than previous estimates. Russia boosts further grain traders' rosy outlook. Saudi Arabia and Canada have set out a new vision of bilateral.

Outlook: Domestic:

- Wheat prices are likely to remain subdued for short and medium term on higher stock against normal consumption and bearish international outlook.
