

**Oilseeds Domestic Fundamentals:**

Steady to firm sentiments noticed in the domestic oilseeds cash market. Gains in the Malaysian Palm Oil lend support to our domestic seed market. **China, has reportedly bought 5.35 million tonnes of soybeans in July, up 24.4 percent from 4.30 million tonnes in June. Imports of vegetable oils in July were 700,000 tonnes, up 48.9 percent from the previous month. China is the world's largest soybuyer. The Korea Feed Association (KFA) has imported 110,000 tonnes of soy meal of South American origins for November 30 delivery (55,000 T @ \$414.41 C&F) this year and for January 5 delivery (55,000 T @ \$418.74 C&F) next year. Countries like Japan, Vietnam, Indonesia, China and Thailand remained the major destinations for Indian soy meal exports.**

**International Oilseeds Fundamental:**

Soybean disposals of the USA, Brazil and Argentina are likely to fall 3.2 Mn T from last year in June/Aug 2011. But latest indications point to Chinese buying picking-up and this is likely to lead to a recovery in G-3 exports of soybeans in August.

**Outlook:**

The domestic oilseeds prices are likely to gain as owing to renewed seasonal demand in the vegetable oils which will subsequently encourage the solvent extractors.
