

### Guar Domestic Fundamentals:

Firm sentiment featured both for Guar seed and Guar gum in cash markets on Tuesday's trade. Weak arrivals in major mandies incited the strong gains in guar cash market. As per trade sources, guar prices might increase in coming days as a prevailing demand from guar gum millers in spot market. Increase in Guar gum prices also increases the guar gum powder (5000 CPS & 3500 CPS) prices by 3.2% and 5% as compared to the previous prices and it may increase in coming days.

### Outlook:

Guar seed and gum prices are expected to trade range bound in coming days on expectation selling pressure from stockists at higher prices in the spot market coupled with regular demand from processors.
