AGRIWATCH

Oilseeds Domestic Fundamentals:

The key soybean cash markets remained closed on Gudi Padwa. However, soybean prices (Plant Delivery, Indore) was quoted higher due to the lower availability of beans on Friday. The BMD, CPO closed higher. The soybean arrivals in Madhya Pradesh remained steady at 10000 bags compared to the previous day. The lower arrivals are due to series of festivities. The arrivals are expected to rise next week. The disparity in soybean crushing at Indore plants narrowed and recorded at Rs -476/MT compared to Rs -745/MT previous day due to higher relative gain in soybean oil and meal prices as compared to soybean. The RM seed prices eased on lackluster buying activity in the market.

International Oilseeds Fundamental:

As per Agriculture Ministry, Argentina soybean crop is seen at 44 million tons for 2011/12. The earlier estimate was 43.5-45 million tons.

In Paraguay the soybean crop is estimated to a 10-year low at 3.5-3.7 Mn T, enforcing a decline in exports by at least 3.2 Mn T from last year – Oil World.

Outlook:

Soybean prices are expected to trade range bound. Soybean plant delivery price at Indore is expected to rise by Rs15-25/Qtl in a couple of trading sessions due lower supply on festivities.
