AGRIWATCH

Oilseeds Domestic Fundamentals:

Soybean prices (Plant Delivery, Indore) extended gains after the key cash markets re-opened in Madhya Pradesh. Higher Malaysian palm oil exports figure (1-25 April) remained bullish factor for the BMD CPO which subsequently supported the domestic bean market, Monday. The soybean arrivals in Madhya Pradesh improved and reported at 50,000 bags compared to 5,000 bags on Saturday. The disparity in soybean crushing at Indore plants has narrowed and recorded at Rs -540/MT compared to Rs -1014/MT previous day. All the three, soybean, meal and oil witnessed gain. The RM seed prices fell due to higher supplies and fall in crushing.

International Oilseeds Fundamental:

South American soybean outturn is seen plummeting by at least 16 Mn T by Oil World. Further, world output of soybeans will decline by an unprecedented 23 Mn T to a 3-year low estimated by Oil World.

Outlook:

Soybean prices are expected to trade range bound. Soybean plant delivery price at Indore is expected to rise by Rs15-25/Qtl in a couple of trading sessions.
