

Onion Fundamentals:

- In Indore the onion prices are trading at Rs 550/ quintal which are 27% less as compare to last year in this month of June due to higher production in MP and adjoining districts of Maharashtra.
- In Delhi, the onion is mainly coming from M.P, Rajasthan, and Nasik which contribute 25%, 35% and 40% respectively of the total arrival. Nasik onion is in more demand because of its long shelf life.
- Higher demand leads traders from A.P. to buy onion from other states to meet domestic demand of the state. Major suppliers to A.P are Maharashtra and Karnataka.
- In Hyderabad 38% of the total arrival comes from Karnataka whereas rest comes from Maharashtra (Ahmednagar, Aurangabad, Solapur are the major producing region).As per the trader prices are dependent on the arrival as from last one week prices are low because there is an increase in arrivals.
