## Onion Fundamentals:

- Traders from Lasalgaon are speculating a price rise by end of July as demand is likely to pick up.
- Market of Bhavnagar (Gujarat) will not have locally produced onions in few days and will depend on onion from Maharashtra.
- Due to higher production in previous Rabi season and prevailing lower prices in Onion producing region, Govt. extended the onion export without any MEP. This would likely to support prices through increased demand in export market and traders interest to stock the onion.
- In Delhi, the arrival has been increasing but prices are still showing the upward trend which indicates good consumption demand.
