

Onion Fundamentals:

- In Kota (Rajasthan), kharif sowing has not even started which was completed almost 15-20 % last year. Due to delay in monsoon farmers are expecting increase in prices as area under crop for next crop will be less.
- In Hyderabad 50% of total arrival comes from Ahmednagar (Maharashtra), 35% comes from Nasik and rest comes from other region of Maharashtra. Last year prices were 35% less compare to this year. Prices are likely to increase as after monsoon demand is higher.
- In Piplagaon in last three days arrivals has increased by 50% to 25000 quintals per day because of the increase in export as government has removed MEP so demand is high in market.
- Meanwhile, retail prices in different cities were reported between Rs. 900-1800/Qtl. The highest prices of Rs. 1800 were recorded in Guwahati followed by Trivendrum at Rs. 1600.
