

Onion Fundamentals:

- As per the state Agri. Dept of Andhra Pradesh, so far 15% of onion sowing is completed which was done by 28% last year at this particular period of time. This delay in sowing is due to late arrival of monsoon.
- In Belgaun (Karnataka) market is stable from starting of this month. Traders are expecting increase in prices and cross Rs 1000 per quintal this year. Currently the arrivals are low because it's raining in the local region from where onion comes.
- In Belgaun (Karnataka) currently the onion is coming from Maharashtra and local region (Bagwadi) which are supplying 32% and 68% of the total arrival in Belgaun market. Last year prices were almost same hovering between Rs650- Rs700/qrtl but this year they are expecting the prices to increase.
- In Piplagaon arrivals have decreased due to decrease in exports which had pushed the mandi prices from Rs 475/quintal to Rs550/quintals in last two-three weeks.
