

Onion Fundamentals:

- Prices of onion have stabilized after growing regions received adequate rains. Also, demand from export market and north-eastern parts are good.
- In Nasik, as per a trader still the prices of onion are hovering in the range of Rs 450/quintal to Rs600/quintal. The reason behind low prices is that farmers are releasing low quality onion whose demand is less. They have kept the good quality onion with them in hope of high prices in coming month.
- In Kurnool (A.P) 25% sowing is completed of the total Kharif area. This year sowing is completed approximately in 6000 hectare which is 8% more compared to last year's sowing at this time.
