

Onion Fundamentals:

- In Pimplagaon (Maharashtra) market, average prices have fallen from Rs 650/quintal to approximately Rs 575/ quintal in last few days. According to trade sources, farmers/traders are bringing their low quality or damaged stocks to market which is much lower than anticipated. So, it results into decline in prices.
- In Indore, arrivals have declined because of heavy rainfall as farmers are not releasing much of their stocked onions. Presently prices are hovering in the range of Rs 450 to Rs500 /quintal and expected to increase in coming days.
- According to trade sources, prices of onion are expected to rise from month of October as a short full could occur between October and November as early kharif and kharif crop of onion is delayed by one month.
