

Onion Fundamentals:

- According to trade sources, there has been a constant demand this year from the Gulf countries Far-Eastern nations, especially Indonesia but the export demand decreased after August as low quality and damaged crops were arriving in market.
- Export demand from India has decreased by approximately 50% in August month compared to previous month.
- In Lasalgaon (Maharashtra), Average arrivals has increased to 11250 quintals from 10000 quintals in last two days because stored stock has started rotting and sprouting, so farmers are bringing their crop in market. - In Bangalore, average arrivals have increased to 28850 quintals compared to 24500 quintals in last three days. This increase in arrivals has bought down the prices to Rs 850/ from Rs 900/ quintal.
