

Potato Fundamentals:

- In Delhi cold storage potato is coming from Agra whereas fresh potatoes are coming from Punjab and Himachal Pradesh.
- Potato from Punjab is in market from last 15-20 days and supply will last for next 5-7 days. This is second crop of potato in Rabi season which is usually of short term.
- In Bangalore potato is coming from Agra, Gujarat and local which are supplying fresh potato and will be over in next 15 days.
- In the following graph in each and every city we can observe that with decrease in arrivals prices are increasing and vice versa.
- As the monsoon arrives prices of potato will rise because availability of green vegetables will be less and their prices are high.
