

Daily Sugar/Gur Fundamental Report

3rd May, 2012

Sugar & Gur Domestic & International Fundamentals:

- Steady to firm sentiments recorded in various sugar spot markets on Wednesday over meeting on sugar exports today and firm demand.
- India produces 25.10 million tons of sugar in Oct to April month till date which is 11% higher compared to
 last year same period. Out of total sugar production, UP mills produced 7 million tons of sugar and
 Maharashtra produced 8.83 million tons of sugar which are also 19% and 6% higher respectively
 compared to last year same period.
- Food Ministry will recommend four options in front of the panel of ministers for the faster sugar shipments. Options include allocation of sugar export quantity based on the earlier export performance of a sugar mill, allocation of export quota on the basis of "First Come First Serve" basis against a bank guarantee, online registration of shipments at ports, and Implement existing sugar quota mechanism with fast allocation of sugar exports to millers. Earlier, government removed export quota mechanism and implement the rule of getting export licenses for millers on first come first serve basis which gives direct benefit to the mills located near to ports. However, after protest of North Indian millers for the removal of export quota, government reinstates its decision to existing export quota mechanism.
- Gur prices improved today owing to lesser arrivals and moderate demand.
- Around 1418000 bags (40 kg each) has been stored in Muzaffar nagar cold storage till 30rd April 2012 which are 65000 bags higher compared to last year same period stock position of gur. Out of total gur stock position, there are around 980,000 of Chaku variety gur stored in Cold storage which are 64000 bags higher compared to previous same period

Outlook:

Sugar prices are moving in a range over the suspense over sugar exports. Meanwhile, today's meeting on sugar exports will decide the prices further. However, improved cane availability for making gur and higher gur prices gives parity for kolhu makers for making gur which will increase the arrivals of gur in the mandi in the coming days.
