AGRIWATCH

# Sugar & Gur Domestic & International Fundamentals:

- Sugar prices moved up in various key spot markets on Tuesday as good demand and firm international prices support the spot prices.
- Government is likely to consider increasing sugarcane FRP prices soon. Recently, CACP has proposed 18% hike in sugarcane prices to Rs 170.65 per quintal for this season.
- Meanwhile, as per government sowing figures, Sugarcane has been planted in 48.61 lakh hectare as compared to 47.61 lakh hectare last year till 4<sup>th</sup> May 2012. It is 1.00 lakh hectare more than last year. Normal area for sugarcane cropping is 47.45 lakh hectare.
- Gur prices improved today for Chaku gur owing to moderate demand and arrivals.
- Farmers to kolhus could increase the supply of gur in the mandi as expected that might pressurize the prices of gur in the coming days.
- Around 1407000 bags (40 kg each) has been stored in Muzaffar nagar cold storage till 7<sup>th</sup> May 2012 which are 26000 bags higher compared to last year same period stock position of gur. Out of total gur stock position, there are around 982,000 of Chaku variety gur stored in Cold storage which are 65000 bags higher compared to previous same period

# Outlook:

NODEV Sugar Euturas

Sugar prices surge on change in export policies by government. We expect prices to move up in spot markets. However, improved cane availability for making gur and higher gur prices gives parity for kolhus makers for making gur which will increase the arrivals of gur in the mandi in the coming days.
