AGRIWATCH

#### **Domestic Fundamentals:**

- The prices of various edible oils at various centers remained mostly steady on steady demand. However, further decline
  in Indian port stocks in vegetable oils will limit any steep fall in days ahead.
- The demand in edible oils remained normal and no aggressive buying reported in the same.
- PEC has floated a tender to buy 23,400 tons of RBD Palmolein (Edible Grade) in Bulk) to be imported for the port(s) of Chennai 16,000 MT (+/- 2%) and Tuticorin is 7,400 MT (+/- 2%) sourced from Indonesia and/or Malaysia, bidding closed on 17 Feb, 2012.
- As per Sea of India, Vegetable oils imports during January 2012 are reported at 659,979 tons compared to 721,197 tons in January 2011fell by 8.5 percent on Y-o-Y basis.
- Sluggish demand in cash market and rising RM seed crop arrivals might weigh on the edible oil prices in days ahead.

#### **International Market Fundamentals:**

• Insufficient supplies of soya oil and rapeseed oil globally will push up world demand for palm oil, leading in higher prices in days ahead. This will subsequently keep the domestic oil prices strong during the season.

## Outlook:

Edible oil basket is likely to trade with a steady note in days ahead due to limited buying in cash markets. However, uncertain weather condition in Malaysia and South America might support the prices.

#### **NCDEX Soy Refined Oil:**
