

### Domestic Fundamentals:

- Guar seed and guar gum prices noticed steady to weak tone except slight firmness in Hanumangarh and Adampur markets.
- Lack of buying activities around current levels weighed on prices.
- According to trade sources, sowing of guar is taking place in Hanumangarh, Bikaner and Sri-Ganganagar areas of Rajasthan.
- In Haryana and Rajasthan, farmers are shifting acreage from bajra towards guar. Acreage is likely to increase by three to four times in the coming season amid better returns during the previous season.
- Exact position of sowing will give further direction to the market.

**Outlook:** Prices are likely to witness recovery in near –term.
