

## Domestic Fundamentals:

- Guar prices improved today in key cash markets on Monday.
- Total around 22000 guar bags has been arrived in all India markets as reported.
- Still there is no rainfall in western Rajasthan as reported which might delay the guar sowing as reported.
- Market sources are now predicted the guar prices would test Rs 5000 level in the coming time.
- Guar sowing has started in Bikaner region as reported.
- Guar from Haryana is the next guar crop which would hit the market after 3 months which is just after the end of guar arrivals from Gujarat.
- Guar sowing likely to increase near to Bikaner and Ganga nagar districts as cotton sowing already delayed by 15 days and there are strong possibilities that farmers would shift towards guar in this region.

## Outlook:

Guar seed as well as gum prices continuously decline in key cash markets owing to weak demand and increasing arrivals. In addition to it, higher guar sowing intentions also led the prices down.
