

## Domestic Fundamentals:

- Guar seed as well as gum prices improved today in key cash markets. Lower arrivals compared to prior day support the prices.
- Total around 20000 guar bags has been arrived in all India markets as reported.
- Southwest Monsoon likely to hit Haryana and parts of Rajasthan in the coming week as reported. It is notable that farmers have started guar sowing in their respective fields and if rain occurs next week then it would increase the guar sowing in rest of regions.
- Market sources are now predicted the guar prices would test Rs 5000 level in the coming time.
- Guar from Haryana is the next guar crop which would hit the market after 3 months which is just after the end of guar arrivals from Gujarat.

## Outlook:

Guar seed as well as gum prices continuously decline in key cash markets owing to weak demand and increasing arrivals. In addition to it, higher guar sowing intentions also led the prices down.
