

Oilseeds Domestic Fundamentals:

Soybean (plant delivery, Indore) prices featured firm sentiments on lower domestic market arrivals and bullish international oil & oilseed markets, Thursday. Soybeans on CBOT edged sharply higher on persistent dry weather concerns in Argentina and indications of harvest delays in Brazil. Active Chinese buying provided further support to the prices. Soybean arrivals in Madhya Pradesh declined to 1.25 lakh bags compared with 1.50 lakh bags on Wednesday. The supply is lower in the key cash markets as farmer selling is limited. Rapeseed/mustard seed prices improved in the key spot markets as well as NCDEX on strong gains in BMD CPO after witnessing sharp fall in the during the week on higher rabi outlook for RM seed.

International Oilseeds Fundamental:

The USDA has reported that U.S. exporters sold 175,000 tons of US soybeans to China for the 2013-14 marketing year. CNGOIC has estimated that China's soybean imports between April-June 2013 are likely to reach 15 million tons, up from an estimated 11 million tons in the first quarter. Argentina based grain producer, El Tejar has stated that it expects a Brazilian soybean harvest of 80 million to 81 million tons.

Outlook:

Soybean plant delivery prices are likely to feature range bound movement with weak bias on bearish global scenario. The Indore (Plant Delivery) prices are expected to witness 3270-3330 levels.
