

Oilseeds Domestic Fundamentals:

Soybean (plant delivery, Indore) prices featured mild gains followed by some buying interest after weekly and year end closing of mandis recently. However, subdued activity featured in the cash markets as still most of the mandis remained closed on the first day of finance year and Yearly Bank Closing Monday. Soybean arrivals in Madhya Pradesh were reported slightly higher at 25,000 compared to 5,000 bags reported on Saturday. However, the arrivals are significantly lower than the usual daily arrivals. We expect them to pick-up/resume to the levels in a day or two. Rapeseed/mustard seed prices witnessed steady to weak tone pressured by weak Malaysian palm oil and rapid pace in the harvesting.

International Oilseeds Fundamentals:

IMEA has reported that the soybean harvest in the Brazil's Mato Grosso state, the country's biggest soybean grower, is likely to be 23.6 million metric tons, down from a previous forecast of 24.1 million tons due to a dry spell followed by rain at harvest time. The state's soybeans harvest was 92.6 per cent harvested as of March 21, up from 85.2 per cent a week earlier and compared with 94.4 per cent of the harvest completed a year ago.

Outlook:

Soybean plant delivery prices are likely to feature range bound movement on with firm bias. The Indore (Plant Delivery) prices are expected to witness 3660-3730 levels.
