

## Oilseeds Domestic Fundamentals:

Soybean (plant delivery, Indore) prices edged higher due to thin domestic supplies, Wednesday. However, gains were restricted by limited demand for soy meal. Rapeseed/mustard seed prices in key cash markets declined due to fall in BMD CPO and increase in arrivals. Soybean arrivals in Madhya Pradesh were reported at 40,000 bags on Wednesday. Mustard seed arrivals in Rajasthan reported at 290,000 bags while all India arrivals were reported at about 5.20 lakh bags, Wednesday. NCDEX remained closed today on Mahavir Jayanti.

## International Oilseeds Fundamentals:

Oil World expects that the world soy meal supplies may remain tight till May-June 2013 due to a slow start to exports of South America's new soybean crop. This is likely to provide support to the soy meal prices in the coming weeks. As per Oil World, Ukraine's sunflower seed production seen between 8.80-9.40 million tons, compared with 9 million tons last year. The country is the world's largest producer of sunflower seed.

## Outlook:

Soybean plant delivery prices are likely to feature range bound movement with firm-bias due to limited supplies for short-term. The Indore (Plant Delivery) prices are expected to witness 3950-4000 levels.
