

### Onion Fundamentals:

- In **Bangalore**, onions are arriving in market from local region (Bijapur) and Maharashtra region which are contributing approximately 30% and 70% respectively.
- In **Delhi**, onion is arriving in market from Rajasthan, M.P, Maharashtra and Haryana. According to trade sources, maximum onion prices are being fetched by Nasik and M.P region crop which is approximately Rs 1900- 2000/ quintal.
- According to trade sources from lasalgaon, usually by end of June month approximately 70% of crop is left in stock but this year only 30-40% of stocked onion is left with them. As this stocked crop is utilized till October, so banning of export may bring down the prices somehow.
