

## Onion Fundamentals:

- All India, cumulative arrival of Onion in the month of July is approximately 20 % less than last year during same time.
- In Karnataka, fresh early Kharif crop of onion is expected to start from August end and traders are expecting a loss of 20-25% in yield due to heavy rains. Actual estimate can be made when arrivals start.
- In A.P, onion acreage for kharif season is approximately 27,950 ha. So far 13,110 hectares of area is sown as compared to previous year's 9,912 hectare area. The sown area has increased compared to previous year because of timely arrival of monsoon this year.
- In Bangalore onion is arriving in market from local region and Maharashtra region which are contributing approximately 30% and 70% respectively.
