

Onion Fundamentals:

- Government has increased Minimum Export Price (MEP) of onion by \$1150 / ton. It is expected that impact of increased MEP may bring down the prices down once traders are back from Diwali holidays.
- In Maharashtra, approximately 80% of late kharif sowing is completed in major growing districts. Nursery preparation for Rabi has started in few places and expected to pick up pace in next coming days.
- In Maharashtra, yield for late kharif crop is expected to be much higher than kharif crop based on current weather conditions. Arrivals of kharif crop are slowly picking up pace and it is assumed that 10-15 % of kharif crop has been damaged.
- Modal prices of onion have increased in most of the markets as arrivals in market are low due to festive seasons. It is expected that prices may correct in next 2-3 days when all the markets will open and arrivals will pick up pace.
