

## Sugar & Gur Domestic & International Fundamentals

- Steady to weak sentiments recorded in key sugar spot markets on Thursday
- Farmers association demands hike in sugar import duty upto 60% from present 10% as increasing sugar imports weakens the sugar prices and raise difficulties in front of millers and eventually they are unable to pay cane payments to farmers.
- Premium of Rs 150 per quintal is applicable for Delhi delivery centre from Sugar May 2013 contract onwards. The May 2013 contract is getting launched today.
- Czarnikow hikes its global sugar surplus prediction to 7.8 million tons from previous forecast of 7.1 million tons for 2012-13 owing to lower rate of sugar consumption growth.
- Indian indicative raw sugar CIF prices from Brazil quoted at \$518.75 per ton (including 10% import duty) and Indian domestic refined sugar prices quoted at \$613.75 per ton Kolhapur. It is notable that millers are now find import more profitable.
- Gur prices declined sharply today in Muzaffar nagar market owing to consistent arrivals in the market.
- Around 281000 bags of gur stored in Cold storages in Muzaffar nagar region which are 11000 bags higher compared to last year. Out of total gur stock, 110000 bags of chaku gur, 48000 bags of Rascut and 94000 bags of Papdi stored in Cold storages as reported.
- Meanwhile, prices of gur should remain range bound in the coming week. However, we are expecting a sharp hike in gur prices after Makar Sakranti due to expected demand. Also, lower cane production in Maharashtra kept the gur production at lower side this year.

### Outlook:

Sugar prices are moving down like anything. After government intention not to hike import duty on both raw and white, prices are likely to follow the bearish trend in the coming days.
