

## Sugar & Gur Domestic & International Fundamentals

- Steady to firm tone witnessed in key sugar spot markets on Tuesday. Little demand of sugar support the sugar prices in some markets.
- Uttar Pradesh government today decide to procure sugar for PDS from co-operative sugars factories of UP rather than from Private mills. It is notable that monthly requirement of UP for PDS is about 33000 tons as reported.
- Monsoon likely to hit Maharashtra by June 10, 2013 which would help sugarcane crop. It is notable that Maharashtra is suffering from severe drought condition this year as reported.
- Gur prices are moving in a range overall owing to balanced supply and demand.
- Total around 1171000 bags of gur (40kg each) stored in cold storages till 29th April 2013 lower from 1418000 bags of gur at last year same period (40kg each). Out of total 1171000 bags of gur, around 698000 bags of Chaku gur, 132000 bags of Rascut, and 177000 bags of Papdi, stored in the cold storages as reported.

## Outlook:

Sugar prices are ruling in a downward trend. Major influencing factors are sugar selling by millers in the open market, sugar imports, and overall weak international sentiments due to global sugar surplus. However, prices should move up in the coming days keeping in view close of crushing by millers and increasing summer sugar demand.
