Sugar & Gur Domestic & International Fundamentals

- Mixed sentiments recorded in key sugar spot markets on Thursday as markets could not find adequate cues to decide the prices either side.
- CCI has ordered to probe in making cartel in the sugar industry for quoting prices in the tenders for supply of ethanol to oil marketing companies. CCI probe the hands of three oil marketing companies and 17 sugar mills.
- Nepal cabinet has decided to import 30000 tons of sugar at a reduced customs duty of 1%.
- Gur prices improved today in Muzaffar nagar spot market owing to lower gur stock stored in the cold storages.
- Total around 1171000 bags of gur (40kg each) stored in cold storages till 29th April 2013 lower from 1418000 bags of gur at last year same period (40kg each). Out of total 1171000 bags of gur, around 698000 bags of Chaku gur, 132000 bags of Rascut, and 177000 bags of Papdi, stored in the cold storages as reported.

Outlook:

Sugar prices are ruling in a downward trend. Major influencing factors are sugar selling by millers in the open market, sugar imports, and overall weak international sentiments due to global sugar surplus. However, prices should move up in the coming days keeping in view close of crushing by millers and increasing summer sugar demand.
