

Sugar & Gur Domestic & International Fundamentals

- Lackluster trading activities led the sugar prices steady to weak tone in key sugar spot markets during last couple of days as reported.
- Maharashtra mills has crack a sugar export deal of around 5 lac tons at Rs 2800-2825 per quintal ex-mill rate as reported. The shipments are bound to Middle east countries.
- State government is in a hurry to buy sugar from mills as Central govt. will stop procuring sugar for PDS across the country.
- Russia sugar imports decline sharply in May to 631 tons down from 1.38 lac tons imported in the same month last year. It is notable that Russia has imported around 3.63 lac tons of sugar in the first five months up from 2.45 lac tons imported in the same period last year.
- Gur prices are moving in range to weak tone in Muzaffar nagar spot market. Low lifting of stock curb any hike in the gur prices as reported.
- Total around 1224000 bags of gur (40kg each) stored in cold storages till 17th June 2013 lower from 1317000 bags of gur at last year same period (40kg each). Out of total 1224000 bags of gur, around 750000 bags of Chaku gur, 131000 bags of Rascut, and 196000 bags of Papdi, stored in the cold storages as reported.

Outlook:

Sugar prices likely to move in a range with firm tone in the coming month. Expected sugar summer demand would drive the prices upwards. Any change in sugar policies by government like hike in sugar import duty would change the direction of the sugar prices in future.
