Domestic Fundamentals:

- Most of the edible oils featured firm tone owing to easing palm oil ending stocks in South East Asian countries and normal buying, Monday.
- RBD palmolein featured firm tone in major market on need based demand from vanaspati millers. Easing palm oil . stocks in the South East Asian countries and cheaper palm oil products may support the palm oil demand prospects. However, adequate supply in the cash market and upcoming new crop from Latin American countries may limit excessive gains.
- At the tender front, MMTC has issued an international tender to purchase 18,000 tons of refined palmolein oil, which • comprises of 11,000 tons for Krishnapatnam and 7,000 tons for Kakinada delivery by 25 May. Last date for submission is 17 May.
- Refined sunflower featured steady tone on lackluster buying and adequate availability of sun oil in the cash market. Refined sunflower oil quoted Rs 755 per 10 Kg, unchanged from previous session.
- Edible oil basket is expected to feature range bound to slightly firm tone in the days ahead due to ongoing wedding season and slow soybean offloading.

International Market Fundamentals:

- Malaysian palm oil at BMD featured mild losses on bearish Malaysian palm oil export figures and profit booking. Palm oil products exports fell 18.4 percent to 377,193 tons for the first 10 days of May from corresponding period of last month, due to slowing demand from European and Chinese buyer - cargo surveyor Societe Generale de Surveillance.
- As per MPOB's report, Malaysian palm oil inventories for April fell 11 percent to 1.93 Mln. Tons from last month, which breaches the psychological level of 2 million tons. However, palm oil production during April rose by 3 percent to 1.36 million tons - MPOB's report.
