

Domestic Fundamentals:

- Edible oil basket witnessed a firm tone in prices across the major cash markets on better buying ahead of festivities and bullish cues from international palm oil market.
- Refined soybean oil witnessed gains in the major cash market in line with the competing palm oil and better buying ahead of festivities. As per sources, recent rains over key soybean growing regions delay arrivals and better buying witnessed at cash market. Refined soy oil (excluding tax) at Indore market quoted Rs 670 per 10 Kg, up Rs 12 per 10 Kg from previous trade. As per Agriwatch estimates, soy oil output for 2013/14 oil year seen at 22.49 lakh tons, up 7.9 percent from the previous oil year.
- CPO Kandla 5% featured gains on bullish cues from international palm oil market and talks of US soybean harvest delay. While, market participants await the MPOB's report due on Oct. 10 which could give fresh directional moves to the market. IBIS figures revealed that Indian buyers imported 4.24 lakh tons of crude palm oil, 4.01 lakh tons of RBD palmolein and 0.3 lakh tons of crude palm kernel oil in the month of September.
- Edible oil basket is expected to feature range bound to slightly firm tone in the days ahead due to upcoming festivities in October. While, harvest pressure may limit excessive gains.

International Market Fundamentals:

• CPO at BMD market ended higher in expectation of slower palm oil production pace in South East Asian countries. According to the Reuters survey, Malaysian palm oil stocks may surge in September due to strong seasonal output outweighed robust export demand. Malaysian palm oil inventory likely climbed to 1.91 million tons and exports of Malaysian palm oil may rise 1.7 percent to 1.55 million tons from a month ago.

Outlook: Edible oil prices are expected to feature range bound for the short term.
