

# Wheat Daily Report 1st April 2013

#### **Wheat Domestic Fundamentals:**

- Wheat market continued to reel under pressure on expectation of better supply side in the weeks ahead on the back of bumper crop prospects and with harvesting activities being round the corner in the north Indian states. Despite procurement with bonus in Rajasthan, Uttar Pradesh and Madhya Pradesh by the govt.'s agencies pressure on cash wheat market is likely to continue.
- Recent rains and cool temperature have delayed harvesting in Punjab and Haryana by a week.No major damage to the crop has been reported so far and we expect bumper production once again at around 93 million T.
- Wheat production in Punjab is expected to touch at 161.50 lakh tonne. The govt. has set procurement target at 140 lakh tonne. Wheat production in Haryana may touch 124 lakh tonne while the state has set the production target at 86 lakh T.
- M.P. is targeting a procurement of 11.5 mt, up from 8.5 mt produced last year. In Uttar Pradesh, the arrivals have begun to trickle in Agra, Gonda and Shahjahanpur mandis.
- PEC received the highest bid of USD 306/T from Switzerland based trader Glencore for 80,000 tonne wheat export tender and in another tender PEC also received the highest bid of USD 301/T from Dubai based Emmsons Gulf for 70,000 tonnes from Vizag port on the east coast for shipment by April 30.
- Indian Firm Amira Pure foods has made lowest offer to Bangladesh government's Wheat Tender of USD 313.65/T CNF basis for 50,000 MT to delivered within 40 days of signing contract. Amira's offer is 1.7% lower than the lowest offer of USD 319/T from Korea's J-One Co. Ltd. in a similar tender issued late last month.

#### **International Market Update:**

- CBOT wheat market dipped considerably (6.7 %)on Friday as US govt.expects higher supply than previous estimate. The US agriculture department has estimated wheat stock at 1.235 billion bushelas on 1st March 2013,higher than previous estimate at1.177 billion bushel.US wheat planting area exceeds expectation'
- Russian grain prices are moving towards normal level on the back of better crop prospects. If prices continue to move south ward, govt. may abolish 5 percent import duty. However, a decision on the abolition of the duty has so far not been made.
- Malaysian Flour Millers have bought 50,000 MT of Australian wheat for June delivery. Australian Prime hard wheat with 13% protein was bought at USD 360/Tonne CNF and Australian prime wheat at USD 350/Tonne CNF. Major wheat buyers are refraining from purchases as they are waiting for US stock position.

#### **Domestic market Outlook:**

Higher supply from new crop and better crop prospects will continue to weigh on market fundamental.
