

Wheat Daily Report 17th September 2013

Wheat Domestic Fundamentals:

- Wheat cash market traded mixed on Monday. Supply side remains ample against emerging demands. However, dependence on govt.'s stock is expected to increase October onward when stock in private hands starts decreasing. Higher stock in govt.'s custody and its regular release mechanism would continue to work as a cap for cash wheat market in the short and medium term.
- According to traders local millers are buying wheat at Rs 1400-1425/Q in Khanna region. Wheat is reaching Pune at Rs 1800-1825/Q, delivered basis from Kanpur region. Traders in Rajkot are sourcing wheat from Kota region at Rs 1800-1850/Q, delivered basis.
- As on 1st September, wheat stock in central pool was 38.36 million tonnes which is lower than previous year 46.16 million tonne on the same date. Punjab and Haryana hold the maximum wheat stock at 14.48 million tonnes and 9.34 million tonnes respectively.
- As per IBIS data, India exported 1.31 lakh tonnes of wheat in month of August, which is lower than 4.79 lakh tonnes exported in the same month last year. Around 42000 MT was exported to Sudan and 22, 685 MT was exported to UAE.
- Indian firm LMJ lost the bid for 50,000 MT to Ismail food products for Bangladesh government wheat tenders. LMJ bid was USD 286/MT, CIF which lost to Ismail food product's USD 282.66/MT, CIF. Ukraine is the expected origin of wheat.
- Indian wheat can become competitive in South East Asian countries due to weak rupee. Traders feel that if government reduces OMSS prices than they can compete with Black sea region. South East Asian countries have shifted to Black sea region from India due to cheaper wheat availability.
- Wheat inflation has marginally decreased in July to 13.42% year on year basis from 13.83% in May 2013. Though WPI has increased marginally 206.2 in June from 205 in May 2013. Inflation has increased marginally by 0.58% month on month basis.

International Market Update:

- Iran plans to import 7.5 million tons of wheat in a move to boost its strategic reserves. The administration has recently raised the guaranteed price for buying wheat from domestic farmers from 8,000 rials (about 33 cents) to 10,500 rials.
- GASC has bought 235,000 MT of Russian, Ukrainian and Romanian origin wheat for 11-20 November delivery at USD 251.68-254.88/MT, FOB.
- Flour Mill in Oman has bought 30,000 MT of Russian origin 12.5% protein wheat for USD 285/MT, CNF for November delivery.
- ABARES has reduced wheat production forecast for 2013-14 to 24.46 million tonnes from 25.39 million tonnes due to dry weather in eastern wheat belt and mixed weather in Western Australia too had an impact on yield.

Domestic market Outlook: Wheat is likely to trade range bound.
