

Pulses Domestic Fundamentals:

- Pulses market following sluggish demand.
- IMD revealed that monsoon rains were 48% below average levels in the week ended on June 11 on late onset of the southwest monsoon.
- Market participants revealed that
 - ✓ Bhind(M.P.) local market,reported bearish tone in tur price on higher arrivals.
 - ✓ Bina(M.P.) market, noticed firm tone in kali masoor price on good demand.
- At JNPT port, 30 containers of masoor, 120 containers of tur,13 containers of green pea,59 containers of moong,10 containers of chana and 28 containers of urad arrived on June 12,2014.
- Tamil Nadu Civil Supplies Corporation (TNCSC) received the lowest bids of Rs.59370 per tonne for 5,000 tonne of urad dal-FAQ(Whole Husked) on June 11,2014.
- IMD is yet to make it clear the affect of the cyclonic storm 'NANAUK' that it will help the southwest monsoon or further delay it. At present, the cyclone is moving towards Oman away from India's west coast. If the cyclone maintains its current direction away from India, it will have an adverse affect on the monsoon but if it changes its direction and moves towards the Maharashtra and Gujarat coast, then these areas would receive heavy to very heavy rainfall.

International Fundamental:

- French field pea export totalled at 14280 tonne in April, down 10% from 15875 tonne shipped in March,2014 and down 39% from 23385 tonne shipped in reported month during last year-UNIP.
- Canada exports 130,500 tonne of peas in May as compared with 34840 MT in April and 266400 MT exported in same month in previous year. - Canadian Grain Commission
- USDA's Commodity Credit Corporation office release purchase tender for 3,070 tonne of pulses for shipment between July 1 to July 22 and between July 23 to August 13.

Outlook: - Buying at lower level would supported by some fresh buying while, continuous arrivals of pulses could weigh on the prices.
