According to IBIS (provisional data), import of pulses in the last week (20-July-26 July) was around 96 Thousand tonnes at major ports in India, around 28% lower than previous week's (July 13-July 19), import of 134 thousand tonnes. Tur prices have been increased by around Rs 30 per kg as compared to the prices of last year across Delhi, Kolkata and Mumbai. According to a official, government will import Tur (Arhar) from Malawi, which will help prices to cool down and the procured pulses will be provided to states from where it will be made available to people at affordable price.
